

Commission of Inquiry

AFFIDAVIT OF VICTOR WALTERS

I, **Victor Walters**, of 13 Sunrise Drive, Hamilton Parish, CR04 in the Islands of Bermuda do hereby solemnly and sincerely affirm as follows:

1. Insofar as the matters deposed to herein are within my personal knowledge, they are true and insofar as they are not within my personal knowledge, they are true to the best of my knowledge information and belief.
2. I swear this affidavit in response to the subpoena issued by the Commission of Inquiry.
3. I was a director and 50% shareholder of Central Construction Ltd. The only other director was John Ming who also owned the other 50% of the shares. In 2007, we each ran a crew of workmen. I had 4 masons and three laborers and Mr Ming had 2 masons and 2 laborers. John Ming was strictly a field man. I ran the business side. Paul King was not a director or shareholder. He was our attorney.
4. I remember the tender for the bus depot yard in 2007. I expressed interest and received an envelope with the tender forms. I believe I spoke to someone about the tender process and I also remember a site visit and speaking to people who worked in the transportation department about the requirements. I did not speak to the Minister. I don't even remember who the Minister of Works and Engineering was at that time. I did not speak to anyone else at the Ministry except in relation to the tender process. It was a normal tendering process as far as I was concerned. We subcontracted all the steel work.

5. We never made any political contributions – we never had that kind of money even if we wanted to. We made a living but it was not a large company. In 2010, we were running at a loss so I started the process of winding down the company.
6. I don't have any company documents. All my copies have been destroyed. I don't believe Mr Ming will have any additional information or documents. He is 84 (I am 82) and suffers from Alzheimers.
